Product Short Name: SR20 Gen 2

Product ID/ SKU: SR20 G2

Short Description: Cardioid Instrument Microphone with 20Hz-20kHz Frequency Response. Includes Microphone Clip, Bag, and Foam Windscreen.

MAP: \$399

LOUD INSTRUMENTS NEED LOVE TOO

The Earthworks Audio SR20 2nd Gen instrument microphone delivers lightning speed and staggering performance. Massive sound in a tiny package for an insane value.

WHY SR20 GEN 2

Focused Excellence

SR20 Gen 2's tight cardioid pattern enables focus, detail and musicality at the front with astounding rejection from the back, across all frequencies.

Our Most Mix-Ready Instrument Microphone

Guitar cabs. Cymbals. Percussion. Brass. Sax. We dare you to find a loud source that SR20 Gen 2 doesn't sound great on.

SR20 Gen 2 does it all while making it look easy. It's cutting-edge technology that feels like a secret weapon for your mix.

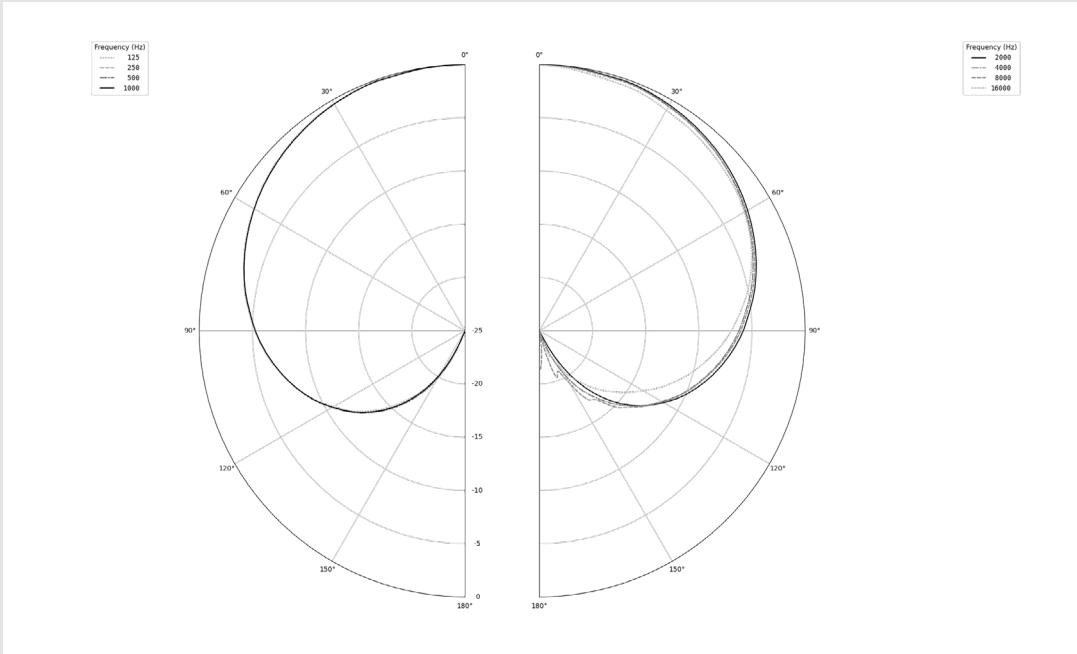

KEY FEATURES

- Built for loud instruments and sound sources
- Designed for live stage performances but works equally well for televised productions, worship, live-streams and studio recordings
- 155 dB SPL handling prevents clipping from even the loudest sources
- Designed for very high gain before feedback
- Tight cardioid polar pattern
- Balanced, vibrant and natural sound right out of the box
- Frequency response from 20Hz to 20kHz
- Designed, tuned, & assembled in the USA
